

Melon Jam 2

Sponsorship Prospectus

July 23rd to July 25th

Melon Jam 2

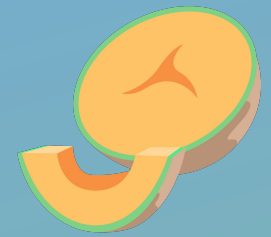

What is Melon Jam

MelonJam 2 is a game jam, where participants are tasked with creating a project in a limited time span. MelonJam 2 builds off of the success of the original MelonJam, which amassed over 150 participants all over the globe. The goal of this game jam is to create chances to learn game development for the youth, who have lost so many opportunities in the past year.

Who are we

We are the officers of the Game Dev Club, a registered club at Cupertino High School. Through MelonJam 2, we hope to spread our passion for Game Development with the rest of the world, as we believe it encompasses a wide assortment of useful and applicable strengths. Thus far, we have already taught a variety of these skills to students at our high school.

Melon Jam 2

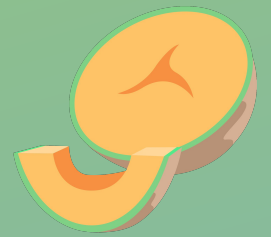

Why should you sponsor

Sponsoring us allows you to build a strong connection with the next generation of developers, artists, and engineers. Moreover, you provide the much needed support for nurturing the STEAM community. We will be sure to display your company's logo on our website, social media pages, and Devpost!

What can you provide

We are open to all forms of support! We would be more than happy to accept monetary funds, physical or digital products as prizes, guest speakers, mentors, judges, workshops, or anything else you are able to provide, that is great as well. Your company also has the option of creating a dedicated sponsored prize, encouraging participants to try out your product.

Melon Jam 2

Thank You!

Your support is greatly appreciated!
